Behaviour & Attendance Reward Cards

LEARN - GROW - ACHIEVE

OVERVIEW

Your Dream Behaviour and Attendance cards is a simple program for chaplains and workers to use in their local school for students. This program is to help students to learn, grow and see success.

Students can do an array of things in order to achieve the points, for example, for a behaviour card the student could perform an act of kindness for a fellow student or even display great behaviour in the classroom. For an attendance card, the student could be rewarded for an agreed improvement in attendance or for attending a SPARC or JUMP session that the worker could be running in their school. Once the student has achieved all the points on the card, they will receive a certificate from the worker. A generic template is given to the worker when the package is purchased.

WHAT THEY LOOK LIKE?

In every school pack you will receive 250 Behaviour or Attendance cards. You also have the choice of having your school logo featured on the front side of the cards.
